This special event co-hosted by Appalachian State University's Energy Summit and An Appalachian Summer Festival showcases eTown, an exciting radio broadcast/podcast heard weekly across the country and worldwide, hosted by radio personalities Helen & Nick Forster (Nick is also known as founding member of the celebrated bluegrass band, Hot Rize). This special live radio show taping will feature a memorable evening of great music along with on-stage interviews with the artists and the presentation of the eAchievement Award to an outstanding volunteer who's made a real difference in their community and beyond. Special musical guests for this eTown live radio show are Josh Ritter and Mandolin Orange.
